Hi Stephanie,

LSS's latest revisions to the draft ASAO, Appendix C to the ASAO, and SOW are attached for your consideration. In order to make these documents a little more user-friendly, I went through and eliminated margin comments that had been resolved and unnecessary highlighting and accepted pending formatting changes. I have left redlined text as is.

We are currently calculating the acreage of the Arkema and Bayer CropScience Project Areas and hope to have that information to you shortly.

Also, based on my conversation with Jim from earlier today, I believe he is hoping to get you his revisions to the draft Bayer CropScience SOW tomorrow.

If there's anything you'd like to discuss before our Wednesday call, just let me know. Depending on the weather, I may be working remotely, but I'll be available. Otherwise, we'll talk with you Wednesday.

Regards,
Matt

Hi Stephanie,

Let's plan to talk on January 15 at 11am PT/2pm ET. We'll get you the next turn of the documents in advance of that call.

Thanks,
Matt

Subject: Arkema/Bayer project area and next steps

Hi Matt and Jim,

As we are looking to finalize the draft ASAOC and SOWs, we have a question related to the project area. The Arkema/Bayer project area according to the draft ASAOC is RM 6.5 to RM 7.6. The Arkema draft SOW states that the Arkema portion is RM 6.9 to 7.6, however, there is no similar language in the Bayer SOW. Is it a correct assumption that the Bayer SOW will cover the remaining RM 6.5 to RM 6.9? We need the acreage to determine City/State funding as well as the project area map.

Also, in light of the end of January deadline, I believe we should schedule our next call to discuss remaining edits to the documents. Hunter and I are available the following dates/times (pacific) next week –

Monday, Jan. 13 from 10-1 and 2-4

Tuesday, Jan. 14 from 1-3

Wednesday, Jan. 15 from 11-4

It would be helpful to have your edits to the draft SOWs prior to the meeting so that we are prepared to discuss.

Please let us know if any of those dates/times work for you and I will send out a conference line.

Thanks,
Stephanie
